**You will enjoy your time here not only for the workshop, but also for this unique location! Madeline Island has attracted artists for decades, primarily because of the natural beauty of Lake Superior, the Island's miles of rocky and sandy shoreline, and the quiet serenity to be found anywhere on the Island. Madeline is surrounded by the Apostle Islands which are known for their sea caves, beaches, and lighthouses. Kayaking, sailing, hiking and bicycling are popular pursuits.**

**Madeline Island School of the Arts is located on a meadow surrounded by a forest – it is the site of the former Sandstrom Dairy Farm and a little over a mile from the Town of La Pointe.**

**A replica of the original barn houses a large classroom on the second floor, and gathering areas on the first floor. Two other large classrooms with windows looking out on the meadow are housed in a new building called the Milk House. The original farmhouse was completely renovated for instructor lodging. Comfortable Mission-style cottages were added in 2010 for students, making MISA the perfect place for a painting workshop.**

**And the classrooms are open for students 24 hours a day!**

**Come with some of your friends. MISA is offering a 10% discount for groups of three or more, and as the group organizer you would receive a free class. If this is of interest, call Kate at 715-747-2054.**
